Projects: Lochkov lofts

Posted: October 21, 2009

Courtesy Photo

Location: Lochkov-Prague 5

Size: 3,144 square meters

Price: Flats starting at 35,000 Kč per square meter

Date construction begins: Spring 2010

Date construction ends: Winter 2011

Developer: Euroventures, Prague s.r.o and ITAKA s.r.o

This new residential complex will offer 73 apartments ranging in size from 30 to 125 square meters. The apartments will replace a former brewery, which has been renovated for residential use. Developers say they are designed for "those who require a high standard of comfort at a reasonable price while, at the same time, for atypical living with a distinctive atmosphere." Advantages of the surroundings include an enclosed children's playground, nearby tennis courts, a football pitch, a new fitness center and a restaurant.
